Mr. Jim Foshee with Foshee Construction was present to request a bond release regarding P99-047, Madison County. Mr. Foshee stated that he had received an initial bond release in 2009. Mr. Matheny confirmed that the construction of a lake was stated in the reclamation plan that was part of the original permit application. Mr. Foshee stated that the land owner told him that he was no longer allowed on the property. The decision of the Board was to have Mr. Foshee and Mr. Matheny visit the land owner to discuss the final reclamation of the property so that Mr. Foshee can obtain his bond release.

Issuance of Coverage under the AFO General Permit	Jones County	MSG201765
Issuance of Storm Water Construction Permit	Jones County	MSR106591

Tracy Tomkins of the Environmental Permits Division presented information to the Board regarding the issuance of two (2) proposed permits to Forrest Ray Sims Poultry. The applicant sent out contiguous landowner notifications as required by the permit. MDEQ received four (4) letters of concern from Mr. Joe Welborn, Ms. Rose Wood, Mr. and Mrs. Pernell Sullivan, and their attorney Mr. Matthew D. Ross. Site inspections were performed by the MDEQ Regional office on April 29, 2014, and again by the Environmental Permits

Division on June 23, 2014. The inspections found that all buffer distances are in compliance. Mr. Sims was in attendance but did not speak; he was satisfied with what had been presented to the Permit Board by Ms. Tomkins and had no further comments. Ms. Tomkins made a recommendation to the Permit Board to issue the coverages to Forrest Ray Sims based on technical merits of the Notice of Intent, the CNMP, the SWPPP submitted by the applicant in March, 2014, and MDEQ site inspections in April, 2014, for compliance with siting criteria.

The Permit Board, on motion by Jim Lipe and seconded by Mike Bograd, accepted the staff's recommendation to issue the permits.

Scheduling

Mr. Roy Furrh advised the Board that there will be an evidentiary hearing at the August 12, 2014, Permit Board meeting regarding the six (6) groundwater withdrawal permits with special conditions that were previously issued by the Permit Board to the North Lee County Water Association. Also, Mr. Furrh stated that the Birdsong Construction surface mining permit application may be considered by the Permit Board at a special Permit Board meeting. Mr. Furrh will advise the Board of the scheduling of that meeting at a later date.

EVIDENTIARY HEARING

Groundworx, LLC Forrest and Lamar Counties, Mississippi

The matter before the Permit Board was a formal evidentiary hearing regarding In the Matter of: Evidentiary Hearing Request Regarding Issuance of the State Operating No Discharge Permit No. MSU213009 to Groundworx, LLC, in Forrest and Lamar Counties, Mississippi. Deborah Delgado, Clarence Magee, and D. Franklin Browne ("Petitioners") requested the hearing so the Permit Board could reconsider its action on April 10, 2014, in approving the modification.

The hearing officer in this matter was Ellen O'Neal, Special Assistant Attorney General with the Office of the Attorney General. MDEQ was represented by General Counsel Roy Furrh and by Senior Attorney Chris Wells. Attorney Andrew Taggart represented Groundworx. Petitioners each represented themselves. MDEQ submitted pre-filed direct testimony through the affidavit of Bradley Crain and pre-filed rebuttal testimony through the affidavit of Harry Wilson. Groundworx did not submit pre-filed testimony. Petitioner Delgado submitted pre-filed direct testimony through her own affidavit and the affidavits of LaNelle Barnard, Michael Barnard, and Doug Barnard and rebuttal testimony through her own affidavit. Petitioners Magee and Browne submitted pre-filed direct testimony through their own affidavits and did not file rebuttal testimony. All witnesses who provided pre-filed testimony, except for Michael Barnard, were present at the evidentiary hearing and were tendered for cross-examination by the opposing parties and for questioning by the Permit Board. Petitioner Delgado did not move to introduce Michael Barnard's Direct Testimony into evidence.

The Hearing Officer granted Groundworx's unopposed Motion to Intervene. Hearing Officer O'Neal advised the Permit Board that the parties had participated in a pre-hearing conference call where the parties dispensed with several motions. Hearing Officer O'Neal advised the Permit Board she denied a motion for continuance filed by Petitioners. Hearing Officer O'Neal also advised the Board that she granted Groundworx's Motion to Quash Petitioner Delgado's requested subpoena for the testimony of Gary Rikard. Hearing Officer O'Neal advised the Permit Board that Petitioner Delgado had also requested subpoenas for several Lamar County and Forrest County officials and that Petitioner Delgado agreed to release several of those witnesses and limit her subpoena request to Supervisor Roderick Woullard only. Hearing Officer O'Neal finally advised the Board that she denied Groundworx's motion to not allow LaNelle Barnard, Michael Barnard, Douglas Barnard, and Petitioner Delgado to provide additional testimony on direct examination because those witnesses pre-filed their direct testimony but, other than Ms. Delgado, did not provide rebuttal testimony.

Roy Furrh made an opening statement on behalf of MDEQ, followed by Mr. Taggart for Groundworx and Ms. Delgado for herself. Petitioners Magee and Browne did not make opening statements. Bradley Crain testified on MDEQ's behalf through his pre-filed direct testimony and Harry Wilson through his pre-filed rebuttal testimony. Mr. Crain and Mr. Wilson were tendered for cross-examination and for questioning by the Permit Board. Petitioner Delgado testified on her own behalf through her direct and rebuttal affidavits and tendered herself for cross-examination and for questioning by the Permit Board. LaNelle Barnard and Douglas Barnard testified on behalf of Ms. Delgado through their pre-filed direct testimony and were tendered for cross-examination and questioning by the Permit Board. Supervisor Roderick Woullard, a Forrest County Supervisor, testified and was tendered for cross-examination and questioning by the Permit Board. Ms. Delgado also subpoenaed Melissa Collier as an adverse witness. Ms. Collier is the Director of MDEQ's Office of Community Engagement. Ms. Collier testified and was available for cross-examination and questioning by the Permit Board. Mr. Magee testified on his own behalf through his pre-filed direct testimony and was tendered for cross-examination and questioning by the Permit Board. Mr. Browne testified on his own behalf through his pre-filed direct testimony and was tendered for cross-examination and for questioning by the Permit Board.

At the conclusion of all the testimony, Mr. Furrh, Mr. Taggart, Ms. Delgado, and Mr. Magee made closing arguments. The matter was then presented to the Permit Board for its decision.

At the conclusion of the formal evidentiary hearing, on motion by Chairperson Royals and seconded by Mr. Snodgrass, the Permit Board voted unanimously to go into executive session to deliberate on a question that could result in an appealable order. When the Permit Board returned to full session, Chairperson Royals stated that the Board adjourned to discuss sample frequency that was proposed in the permit for the streams. Permit Board member Snodgrass moved to modify the existing permit to include quarterly stream sampling for a period of two years from the date the Groundworx systems begin operations. At the end of the two years, MDEQ would evaluate the need to continue quarterly sampling in favor of semiannual sampling depending on the results. With the addition of the quarterly sampling requirement, Mr. Snodgrass moved to affirm issuance of the permit and Mr. Riecke seconded the motion. The Permit Board voted unanimously to issue the permit to Groundworx with the increased monitoring requirement.

Confirmation of the next meeting was announced by Ms. Leslie Royals as being August 12, 2014.
