MEMORANDUM

TO: Beneficial Use Determination Holders
FROM: MDEQ Solid Waste Policy, Planning & Grants Branch
SUBJECT: Annual Report for the Calendar Year 2015
DATE: January 27, 2016

An annual report on the beneficial use of by-product materials conducted during Calendar Year 2015 is due to the Mississippi Department of Environmental Quality (MDEQ) from all holders of MDEQ issued Beneficial Use Determinations no later than February 28, 2016.

Please submit two (2) copies of the completed Annual Reporting Form and the supporting information as requested on the beneficial use activities conducted in Mississippi during the entire Calendar Year 2015 for each determination held.

Table with 3 columns: By Mail, By Delivery, By Fax. Contains contact information for Trent Jones at MDEQ, including address and email (trent_jones@deq.state.ms.us).

As indicated on the form, the annual report should:

- 1. Indicate whether the process generating the by-product or the raw material feedstock to the process changed during the preceding calendar year;
2. Provide an updated analysis of the by-product material if required as stipulated in the conditions of the Beneficial Use Determination;
3. Provide a description of how the material was distributed (bulk, retail packaged etc.) during the calendar year and a general description of the end-uses;
4. Provide an estimate of the amount of by-product distributed for beneficial use in units of tons. Also describe the method used to estimate tonnage such as the use of weight scales or volume to weight conversion factors.
5. Include any other information that may be required by the conditions of the individual Beneficial Use Determination.

Should you have any questions concerning this memo, please contact Trent Jones at (601) 961-5726 or trent_jones@deq.state.ms.us.
