

STATE OF MISSISSIPPI
HALEY BARBOUR
GOVERNOR
MISSISSIPPI DEPARTMENT OF ENVIRONMENTAL QUALITY
CHARLES H. CHISOLM, EXECUTIVE DIRECTOR

MEMORANDUM

Date: August 25, 2004
From: Louis Lavallee *lld*
Through: Chris Sanders *CS*
To: file
Subject: W. C. Fore Exempt "Sustainable" Pit, S 34, T6S, R12W, Harrison County

I visited subject site on Tuesday, August 24, 2004, about 12:00 p. m. The weather was hot and sunny. The gate off County Farm Road was locked and I walked into the site along the woods road shown on the attached Quad map. There was no vehicle entrance to the site off Robinson Road (see attached map). There had been no mining activity, though there were a few spots where it appeared a hole had been dug with a backhoe to investigate subsoil conditions. The proposed mine site was quite flat and the soil appeared sandy and well drained. It is possible that there would be no storm water discharges from the mine as indicated by the applicant.

See attached pictures.

W. C. Fore, Exempt "Sustainable" Pit, S34, T6S, R12W, Harrison County, 8/24/04; L: locked gate off County Farm Road; R: one of test pits dug on property.

View of proposed pit area at west boundary on woods road, looking east. Area is quite flat, and recently lumbered. No mining had begun.

WE NEED TO SCHEDULE AN INSPECTION. SHOULD COORDINATE WITH GEOLOGY. 9/28/04

Spoke w/ Mr. Th. ...
will be glad to ...
inspect. Since it is ...
attempt, they have ...
pre-arranged ...

Dear Mr. Fore:

Re: W. C. Fore Trucking, Inc.
Sustainable Pit, Harrison County
No Discharge Certification 06 24-117 Exempt

The information you have provided for the referenced facility indicates that there will be no storm water runoff to state waters. Only facilities with storm water discharges are required to have an NPDES permit. Therefore, storm water permitting is not needed for the above referenced facility as long as there is no discharge. If conditions change at this facility, permitting will be required.

We appreciate your attention to the storm water regulations. Please contact me at 601-961-5526 if you have any questions or if I may be of further assistance on this or any matter.

Sincerely,

Ross D. Williams, RPG
Solid Waste and Mining Branch, EPD

Notice of Exempt Operation
Sustainable Pit
Section 34, Township 6 South,
Range 12 West
Harrison County, Mississippi**

Dear Mr. Rousel,

Attached for your review and approval is our Mining Notice of Intent for the above captioned mining application, four acres.

The surface mine shall be stripped of overburden and the topsoil segregated for use in plating the slopes of the pit for vegetation. The balance of the spoil material shall be used to construct earthen berms around the perimeter of the pit. The berms will be constructed so as to preclude storm water from entering the pit.

Construction and excavation of the pit will be in such a configuration with grade changes that only the incidental storm water and ground water will flow to a temporary sump at the lowest elevation in the pit. No storm water or ground water shall leave the surface mining pit. All storm water shall be contained within the pit.

If you have any questions at all, please do not hesitate to call our office.

Sincerely,

R. F. Gavin
